Ref. No. 01/59  
26.07.2023

The Minister of the Ministry of Industry, Entrepreneurship and Trade, pursuant to Article 11, paragraph 1, subparagraph 1.5 of Law No. 08/L-117 on Government of the Republic of Kosovo, Articles 10 and 11 of Law No. 06/L-113 on Organization and Functioning of State Administration and Independent Agencies (Official Gazette, No. 7/01 March 2019), Articles 25, 50 and 52 of Law No. 06/L-033 on Construction Products (Official Gazette of the Republic of Kosovo / No. 21 / December 05, 2018), as well as Article 8, paragraph 1, subparagraph 1.4 and Appendix 12 of Regulation No. 02/2021 on the Areas of Administrative Responsibility of the Office of the Prime Minister and Ministries, renders the following:

**DECISION**

1. Amending and supplementing Article 4, paragraph 1 of the Administrative Instruction (MIET) No. 08/2022 on Setting the Conditions for Placing Ready-Mixed Concrete on the Market, with the following text:

1.1. Paragraph 1, Sub-paragraph 1.6, of Article 3 entry into force shall be postponed from June 1, 2023 to June 1, 2025.

2. Until paragraph 1 of this Decision enters into force, the system for the Assessment and Verification of Constancy of Performance shall continue to be implemented until May 31, 2025, as follows:

|  | <i>Characteristic(s)</i>  |
|--|---|
| <b>AVCP System 3 - Designated doby testing</b>                   | <ul style="list-style-type: none"><li>- Compressive strength class/concrete class</li><li>- Consistence class or target value</li></ul> |
| <b>AVCP System 4 - Manufacturer's declaration of performance</b> | All other characteristics   |

## **Reasoning**

The amendment of paragraph 1, sub-paragraph 1.6 of Article 3, which postpones the entry into force from June 1, 2023 to June 1, 2025, is because the Department of Industry/MIET has not received yet any requests for obtaining the "Designation" from any certification body (SK EN ISO 17065), which has resulted in non-implementation of Article 3, paragraph 1, subparagraph 1.6 of the Administrative Instruction (MIET) No. 08/2022 on Setting the Conditions for Placing Ready-Mixed Concrete on the Market. Moreover, in the Kosovo General Accreditation Directorate there were no requests for accreditation from the certification bodies, a process which is mandatory for "Designation" for assessment of the construction products performance, including concrete.

3. This Decision shall enter into force on the day it is published in the Official Gazette of the Republic of Kosovo.
